UNISONIC TECHNOLOGIES CO., LTD

Declaration of Conformity to EU RoHS

This is to certify that the products supplied to Customer are compliant to the requirements of the current RoHS Directive 2011/65/EU & 2015/863 EU. This compliance is valid both on the finished product level and on each single component- and part level in the product.

Table 1. Hazardous Substances restricted by RoHS directive (Remark)

Material/Substance	Threshold Level
Cadmium(Cd) and its compounds	100 ppm or Intentionally added
Lead (Pb) and its compounds	1000 ppm or Intentionally added
Mercury(Hg) and its compounds	1000 ppm or Intentionally added
Hexavalent chromium (Cr ⁶⁺) and its compounds	1000 ppm or Intentionally added
Polybrominated biphenyls (PBBs)	1000 ppm or Intentionally added
Polybrominated diphenyl ethers (PBDEs)	1000 ppm or Intentionally added
Butyl benzyl phthalate (BBP) (CAS 85-68-7)	1000 ppm or Intentionally added
Di(2-ethylhexyl)phthalate (DEHP) (CAS 117-81-7)	1000 ppm or Intentionally added
Dibutylphthalate (DBP)(CAS 84-74-2)	1000 ppm or Intentionally added
Diisobutyl phthalate(DIBP) (CAS 84-69-5)	1000 ppm or Intentionally added

Remarks:

Items listed as exemptions in the RoHS directive are not restricted by the threshold limit in Table 1. Refer to the regulations in the European Directive 2011/65/EU (RoHS Recast) for details on the exemptions.
